4. Routed to County Engineer's Office - review & signature
5. Routed To BCC (Friday before Regular Session the following week)
6. BCC Regular Session — signature issued
7. County Engineer Routes to Tax Map Department
8. Tax Map Department routes parcel numbers to Auditor's Real Estate Division
9. Developer Receives Parcel Numbers for sale/purchase/permits

Please allow ample time to complete recording of the plat, as measured from the date of submitting the Record Plat and all required accompanying documentation. Incorrect submittals, outstanding issues from previous approvals, or failure to provide required documentation will add additional time to the recording process. A complete submittal containing incorrect information will require additional review time.

NOTE:

IF ANY RECORD PLAT SUBMITTAL IS MISSING ANY OF THE ABOVE ITEMS, THE APPLICATION WILL BE DEEMED AS BEING INCOMPLETE, WITH A LIST OF DEFICIENCIES RETURNED TO THE APPLICANT TO ADDRESS. REVIEW WILL COMMENCE ONCE ALL ITEMS ARE RECEIVED FROM THE DEVELOPER AND THE RECORD PLAT SUBMITTAL IS ACCEPTED BY THE COMMUNITY & ECONOMIC DEVELOPMENT DEPARTMENT.

RECORD PLAT APPROVAL STANDARD OPERATING PROCEDURES

Record Plat Submittal and Completeness Check:

Applicant submits Record Plat, Record Plat Submittal checklist, and the accompanying Information Packet to Permit Central. CED Staff will review the application packet for the appropriate materials, forms, and information and will determine if the submittal is complete. If information is complete, the recording fees, bonding documents, etc. will be routed along to the appropriate agencies. Staff will then begin circulation of the plat.

If the information packet is missing material or is otherwise deemed incomplete, the plat shall be returned to the applicant and shall be deemed "Not Acceptable" on the grounds of incompleteness. In no instance shall any Record Plat be accepted without first verifying completeness of all supporting documentation based on the Record Plat submittal checklist.

Dept of Community & Economic Development:

CED Staff will review the proposed Record Plat to determine final compliance with all issued conditions, concerns; etc placed upon the development during Design and Construction Plan Review, and will examine the Record Plat to determine if appropriate items are included thereon. If all conditions are addressed, staff shall issue a signature and route the project forward in the overall approval process.

Routed to Clermont County Water & Sewer District:

Planning Staff will forward the Record Plat onto the CCWSD for review & signature.. The CCWSD will review the plat and will also examine the bonding documentation submitted for the project site relative to public water and/or sewer infrastructure. I, and if all conditions for approval are satisfied, the CCWSD's designated representative will sign the plat and route the project forward.

Routed to Clermont County Building Inspection Department:

CCWSD Staff will forward the Record Plat onto the Building Inspections Dept. for W.M.S.C. review & signature and will also examine the bonding documentation submitted for the project site for grading and/or sediment control purposes. The BID will review the plat at Permit Central as well, and if all conditions for approval are satisfied, the BID's designated representative will sign the plat and route the project forward.

Routed to County Engineer's Office:

CED Staff will forward the Record Plat onto the Clermont County Engineer's Office for review & signature. The County Engineer's Office will also examine the bonding documentation submitted for the project site for streets and sidewalks. If all conditions for approval are satisfied, the County Engineer's designated representative will sign the plat and prepare the plat for the BCC Regular Session to allow the Board to sign the plat as required by present subdivision regulations.

Routed to BCC:

Once the County Engineer's Office prepares all necessary documentation relative to the proposed Record Plat, the County Engineer forwards the plat onto the Board of County Commissioners for action at the next regular session. Once the Board acts on the Record Plat, the County Engineer then moves the plat forward in the approval process.

Tax Map Department:

Immediately following the BCC action on the plat, the County Engineer's Office will forward the plat to the County Tax Map Department in order to map the proposed Record Plat and to assign parcel numbers to each individual lot. After this action is completed, the Tax Map Department will route the parcel numbers onto the Real Estate Division with the Auditor's Office. Once parcels are in the system, the developer will have parcel numbers available for sale/transfer/permitting.

Real Estate Division:

Parcel Numbers are assigned. Developer receives parcel numbers to transfer/sell/permit. Record Plat recording process is complete.
